

TECHNICAL INFORMATION JDE

Type Coffee Vending Machine	Model 9100	T.I. NO 07 - 2017	
Serial Number 73611847	Subject CHANGE MATERIAL for THERMAL PROTECTOR PIN	ISSUED FOR (X)	Action Information X

REASON:

With the aim to improve our equipment, it's required to increase the assembly boiler resistance to the corrosion.

MODIFICATIONS:

The material of the *thermal protector PIN* has been changed

New material: AISI 316 L

Pre-modification: AISI 304

New spare part code: 261404

Old spare part code: 256623

Machines concerned by modification from S/N 73611847

EXCHANGEABILITY:

The **new** solution is retrofittable.

Codes involved by modification:

- **259782** Boiler assembly 2 Kw – 230 V – 0,8 l **The code is not changed**
- **260322** Boiler assembly 1,1 Kw – 110 V – 0,8 l **The code is not changed**
- **260439** Boiler ass. 2 Kw – 230 V – 0,8 l – 2H₂O **The code is not changed**
