

# TECHNICAL INFORMATION

Range <b>H&amp;C - S&amp;F - C&amp;B</b>	Model <b>SEE LIST BELOW</b>	N° T.I. <b>10_2014</b>
Serial Number <b>See note below</b>	Object <b>RIELDA RS1 LOCK AND KIT KEYS USER</b>	Complaint Nr. <b>N/A</b>

Be informed that with the aim to improve our equipment, a new reprogrammable lock “RIELDA RS1” has been introduced, on the ranges indicated in the list of the following page.

The RS1 key is stronger than the current key, thanks to a greater thickness and a new design.

The “RS1” lock is switchable with the current lock, so there is no need of any mechanical modification for mounting it on existing machines.

## TECHNICAL INFORMATION

Range <b>H&amp;C - S&amp;F - C&amp;B</b>	Model <b>SEE LIST BELOW</b>	N° T.I. <b>10_2014</b>
Serial Number <b>See note below</b>	Object <b>RIELDA RS1 LOCK AND KIT KEYS USER</b>	Complaint Nr. <b>N/A</b>

Below there are the new **RS1 lock** spare part codes :

**258883** "RS1" lock with clockwise opening (current code **099905** )

**258884** "RS1" lock with counterclockwise opening (current code **0V1156** )

In combination with new RS1 locks, **new keys user Kits** have been codified:

**959906** "RS1" keys kit - Factory standard encryption (10 user keys).  
(current code **957753** )

**959908** "RS1" keys kit - Specific encryption (10 user keys).  
(current code **977703** )

**959905** Programming "RS1" lock kit - New specific encryption  
(10 user kit + 2 gold + 1 black + instructions)  
(current code **957734** )

**959907** Programming "RS1" lock kit - Existing specific encryption  
(10 user kit + 2 gold + 1 black + instructions)  
(current code **959817** )

**Important note:** the spare part codes for the current "locks and keys user kits" are still available .

Below there is the list of the **ranges affected by the new lock** :

- Astro, Canto, Concerto, Kikko, Kikko Max, Opera, Venezia
- Brio3, Brio Up, Colibrì, Solista, Krea
- Mobiletti: Brio3, Brio Up, Colibrì, Solista, Krea
- Diesis, Festival, Melodia, MiniSnakky, Snakky, Snakky SL, Snakky Max, Sfera, Rondò, Samba, Tango

**Note S/N:** a further bulletin will follow this technical information, reporting that the "RS1 lock" will be implemented on ranges, listed above, starting from indicated S/N .
