| Serial Number<br><b>671598</b> | Subject<br><b>ES HYDRAULIC SYSTEM REVIEWED</b> | Complaint Nr<br><b>N/A</b> |

Implementation is effective starting from S/N **671598**.

Here bellow details of design review.

### CURRENT SPARE-PART CODES

- BOILER

**298208** BOILER 600CC 230V 50HZ ( complete boiler assembly with solenoid valves and T connection code 255396 )

**255396** T connection 1/8 nuts threaded

- DRAINING PIPE BOILER

**298225** DRAINING PIPE BOILER ASSEMBLY ( draining hose boiler and nut )

**251847** QUICK COUPLING diameter 6 ( is not part of assembly code 298225 )

- CONNECTION PIPE BETWEEN BOILER AND PRESSURIZATION VALVE

**298211** CONNECTION PIPE BETWEEN BOILER AND PRESSURIZATION VALVE ( hose and nuts at both ends )

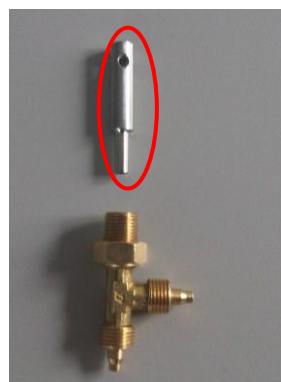

- PRESSURIZATION SOLENOID VALVE

**251911** PRESSURIZATION SOLENOID VALVE ASSEMBLY ( pressurization valve assembly completed of non return valve, T connection code 255085 and "L" fitting )

**255085** T connection 1/8 nuts threaded

**NOTE**

The metal pin circled in **red** must be removed from T fitting code **255085** when used in such application. See pictures.

- CONNECTION PIPE BETWEEN PRESSURIZATION SOLENOID VALVE AND BYPASS

**298213** CONNECTION PIPE BETWEEN PRESSURIZATION SOLENOID VALVE AND BYPASS ( hose and nuts at both ends )
