Machine: Schaerer Coffee Art Touch with CS
 Titel: Phase Out Schaerer Coffee Art Touch with CS

Dear All,

Hereby I want to inform you that the Schaerer Art Touch with CS (conventional milk system) will be phased out at the end of this year.

The reason for this late information is that Schaerer send in July a Product Information (2019-03 PI Phase Out Schaerer Coffee Art Plus_Step1_EN) which we have misinterpreted.

As we already have other machines in our portfolio which can be used as a replacement (see advice below) the impact will be low based on selling numbers.

Central supply chain will contact you for a last forecast.

Next machines are involved:

- 64271198 ESPR SCA P TOUCH CENTRE MILK R
- 64271197 ESPR SCA P TOUCH CENTRE MILK L+FR
- 64271194 SCA DE TOUCH 230 VOLT
- 64270993 SCA DE TOUCH 400 VOLT

Hereby an overview of the possible replacements (of course this is an advice not a must to be):
