## IMPROVEMENT

### Twin Milk hose guide standardised across platforms

The milk hoses for the Twin Milk were installed differently in the past on the SCS/SOUL compared to the SPCC.

From serial number 2105/XXXX, installation of the milk hoses of the SPCC takes place in the same way as for the SCS/SOUL.

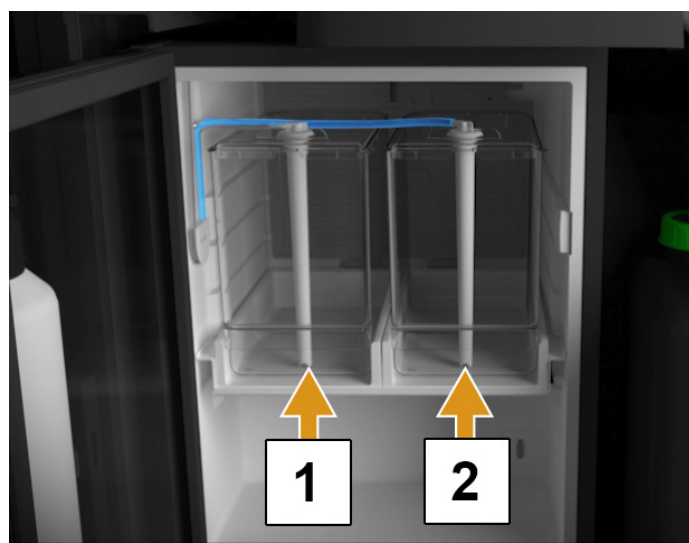

- Milk 1, left, hose colour white.
- Milk 2, right, hose colour blue.

With this measure, the milk hose guide is the same across platforms and corresponds to the screen animations.
