ORANGE TRANSLUCENT HOSE 100718 (4MM / 8MM)

Due to supply chain issues, our supplier can't deliver the orange translucent hose.

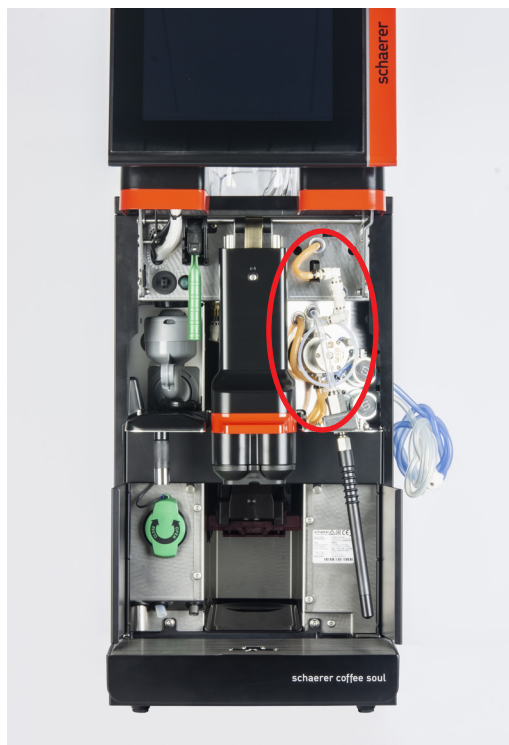

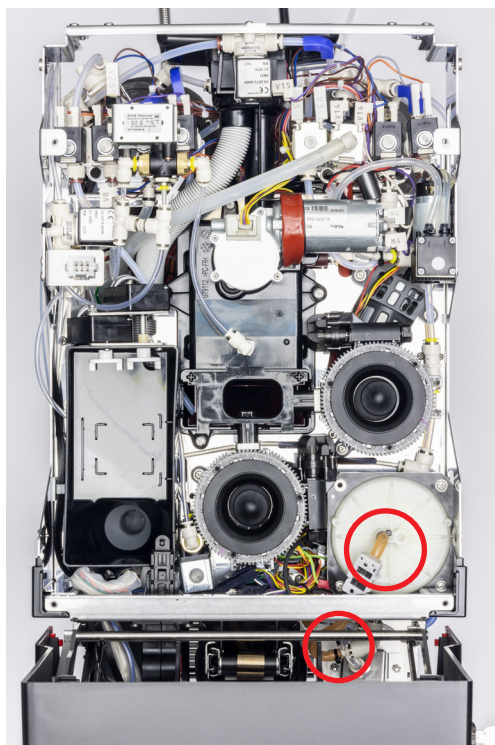

USAGE

The orange hose is commonly used in all Best Foam applications.

Machine models: SCA Best Foam; SCS with Best Foam, SOUL 10 with Best Foam.

SOLUTION

As a temporary solution, we have purchased 5000m transparent hose. To avoid any production delays, the hose has been in use since 07.03.2023. The hose will be used for machine production and spare part deliveries.

Application examples of the orange translucent hose in SOUL 10.
